Dear friends and followers of Jesus,

In 1968 I opened a Jesus coffee house on Sunset Strip in Hollywood, California. This became a gathering place for the hippies and late night young people. Jesus told me to make a big cross and put it on the wall of the building.

Then in late 1969 Jesus spoke to me to take the cross off the wall and carry it on foot across America to identify His message with the people where they are.

Forty years later on June 13th, 2008 in Zanzibar in the Indian Ocean we completed carrying the cross in 'Every Nation and Every major island group on Earth!

Now the story of "The Cross" and this journey around the world is being told, showing how step by step Jesus moves, leads and empowers one to their purpose and destiny in Him. It is Jesus that opens the world and makes a way for the cross and us to go anywhere and do what seems to be impossible.

Our mission is for every person that sees this movie to either fall at the foot of the cross and become a follower of Jesus or as a believer pick up their own cross and step out into their destiny and purpose to do God's will for their life!

I am praying for you as you forward this newsletter to your email friends and family and ask them to view the trailer, send us their stories and ideas and help support the film.
