Here are some testimonies already flooding our office from people who have used **THE CROSS** Movie Event Package:

Arthur, we showed *The Cross* last Sunday and are showing it again this Sunday. **The cross became real and it became practical.** We laughed, we cried, others shouted but we were all moved. A holy hush came upon us as the film came to a close. **God is moving in a profound way through this film. The world right now is in its "cross-hairs."** God has targeted the world and is releasing His heart through this film.

- Steve Coder, Plow.org

Arthur's life reminds me that **I must love Jesus with all I am**, and in so doing, God WILL move and He WILL get the Glory!

- Karise

You have **really inspired me** to walk closer to Jesus. Keeping Him first in my life.

- Joann H.

After watching for the first time, I realized **how powerful** the cross is...

- Arlene H.

Arthur - I love how you first love God, then your incredible love for people of every nation, tribe and language. You come down to their level so they can see the salvation of Christ & His fullness. To see how you pressed through many trials, but had this **joy that's indescribable!** Also, I could see that the cross is your friend.

- Bonnie

Arthur, you are such an encouragement to me in that you still have the same zeal and fire for the Lord that you had years ago - **you haven't missed a beat!**

- Jim W.

I have been **moved to personal "obediences"** by the testimony of your life... Your obedience has begat obedience in so many others. Thanks!

- George

The **encouragement** that your story brings is physically felt... It always **amazes me** how many, many people one person's obedience affects.

- Wendy

...And how it **renews one's own strength** to hear the story told and receive the testimony of a faithful man.

- Greg

'The Cross' Blazes A Trail for Faith-Based Films To Get 'Real'

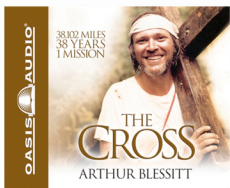

Following in the footsteps of Arthur and his message of connecting to real people with an authentic representation of Christ, Gener8Xion Entertainment has announced its latest release and first ever truly contemporary film, **PREACHER'S KID**.

Written and directed by Stan Foster, **PREACHER'S KID** stars Latoya Luckett, founding member of *Destiny's Child*, as a prototypical small town "PK" caught between trying to please her father - the "bishop," and living out her dream of a secular signing career. Her choice to leave home and seek her freedom within the not-so-holy cast of a Tyler Perry- esque urban gospel play sets her off down a road to personal destruction. Yet sometimes it takes hitting rock bottom to realize the love and forgiveness waiting back home. Filled with amazing singing, great performances from an outstanding cast and plenty of laughter and tears, **PREACHER'S KID** delivers a unique twist on the Prodigal Son story while taking the audience into the trials and tribulations, triumphs and joys of very real characters learning to live very real lives with authenticity and purpose.
