May 2009

Dear friends and fellow followers of Jesus,

What a joy to write to you and share thrilling news. "The Cross" film is still playing in theaters across America and expanding into new cities and towns weekly. Thousands of lives are being changed daily as people view the movie on screens, feel the impact of the cross, and are confronted with their own purpose and commitment to Jesus.

March 24th we lifted up the cross on Hollywood Blvd. at Grauman's Chinese Theatre on the Red Carpet and on April 25th we lifted up the cross at second base at Yankee Stadium during the Joel and Victoria Osteen rally. What stunning things are happening!

You have been great in going to the movie and bringing friends to see the film. Glory!

Many of you have emailed me and asked why the movie did not stay in your area longer. Well, it is simply that when attendance drops off, the theater wants to show another movie that will bring in people and sell tickets & popcorn. Your support keeps the movie playing and in some cities it has played for five weeks.

Others of you want to get the film in your area. One simple way to do this is to get your church, or business people you know, who are willing to guarantee the purchase of about one thousand movie tickets. Then, the producers of the film, Gener8Xion Entertainment, should be able to book "The Cross" in a theater near you.

Let me know when you can get this guarantee and we will go to work to get it booked. If you'd like more information on this, please email me at Arthur@8x.com

**This could be a great mission.
The theaters will book it if they know people will come in good numbers.**

I am doing news interviews almost every day and some days, many. We have been lifting up the cross and sharing on many radio and TV programs that are local, national and international. This is awesome and part of the mission of sharing the 'message' of the cross with the world. I have gone great lengths of time without ever doing a TV, radio or news program. Now at this moment, it is time to share the message. So it's almost like there were long walks and no media, then there has come short walks and much media. Ha. Very strange, but I must be faithful to the call of Jesus moment by moment.

With "The Cross" film you can do the walking! You can attempt to make it happen in your area. Film prints of the movie are ready to go to a theater near you. Call a few friends or your pastor and you can get the good news of Jesus in that theater for the unsaved to see and come to know Jesus.

Let this be your own personal mission project.

There is also a book called *The Cross* published by Authentic Publishing. You can get it from your bookstore or online. There is a link for the book on my website or you can just go to Amazon.com, etc. A thrilling 5 CD audio version of *The Cross* book is also available, published by Oasis Audio, and can be bought in stores and online. This is not the movie, but a narration reading of the book on CD. People love to listen to it going back and forth to work, at home, or as a bedtime story for children. There is also plenty of additional information on my website, including a section where every nation is listed, and when you click on a particular nation you can read and view the photos of the crosswalk we did in that land.

Pray for the cross to be lifted up and for people to be drawn to Jesus!

God bless you, and thanks for the support and prayers. You are beautiful.

Peace and blessings,

We love you all. Glory

I am praying for many cities and towns to come forth from this challenge and write today! I am expecting miracles of theater bookings just as I have seen in different ways as I walked the roads of the world. Wow!

Pilgrim followers of Jesus,

Arthur and Denise Blessitt, Luke 18:1
